

Welcome to Provenance Rehabilitation!

Thank you for entrusting us with your physical therapy needs. One of our main priorities is to provide a setting that is comfortable to you. Our goal for your first visit is for you to leave with a sense of hope and optimism about your condition and the plan of care that we establish with you.

We look forward to having you as a client.

What makes Provenance Rehabilitation unique?

- All patients receiving treatment at Provenance Rehabilitation have some form of pelvic pain and/or dysfunction (incontinence, organ prolapse, painful intercourse, or pregnancy-related conditions).
- Our therapists are thoroughly trained with over 25 years of experience, capable of providing the service and care that you need.
- We treat both women and men who are experiencing pelvic-related issues.
- Our patients are referred from health care providers from all over Georgia, the Mayo Clinic in Florida, and from specialists in other states. We also have a large percentage of patients who refer themselves after finding us on the internet.
- Treatment always combines education about the condition, manual therapy, exercises, and home program instruction.
- One patient is seen at a time in a private room rather than an open setting. Our facilities have a strong focus on patient privacy and professionalism.
- We have a Facebook page and website where we occasionally post articles about pelvic floor conditions and patient stories that are relevant to our practice.

Brief Description of Condition or Diagnosis: _____

The fees have been discussed with me, and I understand that I am to pay for physical therapy services provided at the conclusion of each visit unless other arrangements have been agreed upon. I understand that it is my responsibility to find out about my insurance policy's out-of-network reimbursement for PT services. I will be provided a superbill that includes all necessary information for me to send to my insurance company for potential reimbursement.

Cancellation & No Show Policy:

We strive to schedule all appointments as efficiently as possible in order to have adequate time with each of our patients. We request that you notify our office immediately once you realize you will not be able to keep your appointment or if you may be late for any reason.

If you need to cancel or reschedule your appointment, please do so at least **48 hours before your scheduled office visit to avoid paying a \$75.00 fee.** This notice of 48 hours is important to allow scheduling of any other patients who are waiting to be seen.

We ask that you provide a credit card number for us to use for collection of the cancellation fee if ever needed. **We will always alert you before charging this fee to your card.**

Thank you very much for your attention to this matter.
